

When you tell a staff member about a Safeguarding Concern...

What happens next?

They will talk to a member of the safeguarding team (Miss Balderstone, Mr Staunton, Jez Mark, Mr Ribchester or Mrs Rose) and they will record what you have said

Depending on what you have told us the team will look at what action needs to happen—this could be:

Speak to parent/carer Speak to other students

one to one support in school

Referral to a service to support you (might be in or out of school)

If we need more help to help you we might:

Arrange a meeting with parents (and you) and others who could support

Refer to the Early Help panel

Call and/or refer to the safeguarding hub

Remember!! We are here to support you. We will tell you what is happening. We will try our best to be discreet. The person that you told will be involved as that is who you felt comfortable to tell.

Any questions...come and ask.
